

GenieTown Fees

GenieTown is an online marketplace for local services. The GenieTown marketplace generates successful service transactions by connecting providers with consumers in a dependable and informed manner within a community based experience. On GenieTown, leads are free and reviews are free. GenieTown charges a transaction fee to the service provider only after a bid has been accepted.

GenieTown has adopted a simplified fee structure that is based on the size of the job as follows:

Bid Amount	Transaction Fee
Job not landed	No Fee
\$1-\$5,000	4% of bid amount
\$5,001 - \$50,000	4% of initial \$5,000 (\$200), plus 2% of remaining bid amount
\$50,001 and over	4% of initial \$5,000 (\$200), plus 2% of the amount from \$5,001 - \$50,000 (\$900), plus 1% of the remaining bid amount

This fee structure is effective September 15, 2007. Promotional pricing is available for contractors who activated before September 15. Please contact your account manager for details.

GenieTown fees are subject to change without notice.
